SIMEON CHASE.

JANUARY 3, 1832.

Mr. Hubbard, from the Committee on Revolutionary Pensions, made the following

## REPORT:

The Committee on Revolutionary Pensions, to whom was referred the petition of Simeon Chase, report:

That in this case, it very satisfactorily appears by the statement of the petioner, and by the depositions of two credible witnesses, that the petitioner served in the army of the revolution for one year. That he enlisted into Captain Sawyer's company, in Colonel Elliot's regiment of artillery; that his services in said regiment commenced in 1777, and ended in 1778; and that the petitioner faithfully performed his service agreeable to his enlistment. It also appears to the satisfaction of the committee, that the petitioner is in indigent circumstances, not having property to a greater amount than three hundred dollars.

The same considerations stated in the report of the committee, in the case of Richard Glarke, have induced them to report a bill for the relief of this petitioner.

Considering that the productor was in this origing the convention of the

22 Congress,

SIMEON OHASE.
